OLD MARKET LIMOUSINE SERVICE CELEBRATES 25 YEARS

OMAHA, NE – Nebraska’s longest running limousine company, Old Market Limousine Service celebrates 25 years in business this year. Founded in 1982 in the stylish “Old Market” district, the growing, family-owned operation moved out of the Old Market and into its current headquarters in Papillion, Nebraska in 1992. Moving to the existing facility in Papillion gave them the space they needed to continue to grow. Shortly after the move, Old Market Limo purchased Private Coach Limousine, and eventually, merged the two companies together.

Since that time, Old Market Limousine Service has become an icon in the Omaha transportation industry. However, changing trends in the limousine business and public demand have prompted the company to evolve.

Jodi Jones, Vice President of Old Market Limousine said, “When SUV and Hummer limos started arriving in our area several years ago, the general public was intrigued and began requesting them more than traditional limos for pleasure service. We never considered following that trend due to the costs, difficulty of operation and safety issues associated with those types of vehicles, so we made a concerted decision to focus on our ever-growing corporate market. We recognized the need for executive transportation in our area and began purchasing vehicles for that purpose. We are now known as the number one Black Car service for corporations and their executives either headquartered in or visiting the Omaha area. It is probably the most important, most profitable and best decision we’ve made in our 25 years.”

Today, Old Market Limousine Service works with over 75 affiliates and 50 plus aviation companies. Old Market Limo is a major player in the event planning arena as well. In addition to traditional limousine service for special occasions, such as weddings and proms, Old Market Limo provides transportation to hundreds for corporate events each year such as shareholder events and board of director meetings as well as transportation for many top entertainers.

They are most proud of having the opportunity to handle events for Berkshire Hathaway, TD Ameritrade, PayPal, US Liabilities Insurance Co., Borsheim’s, and Prudential. The most memorable celebrity services have been for the Rolling Stones, U-2, Paul McCartney, Jimmy Buffet and Bon Jovi.

“This anniversary is a huge milestone for a family-owned business like ours,” commented Ms. Jones. “It’s hard to believe that it’s been 25 years, but it’s been a great ride!”

To celebrate 25 years, Old Market Limousine is planning a summer event in conjunction with Soaring Wings Vineyard. The event will feature great wine, great music and great transportation.
